

ಅಧ್ಯಕ್ಷರು.—ಈಗ ಕಂದಾಯ ಮಂತ್ರಿಗಳು ರಾಜ್ಯದಲ್ಲಿ ನೆರೆ ಪರಿಸ್ಥಿತಿಯ ಬಗ್ಗೆ ತಮ್ಮ ಹೇಳಿಕೆಯನ್ನು ಕೊಡುತ್ತಾರೆ.

(ii) *re* :—Flood situation in the State.

SRI J. H. PATEL (Minister for Power and Excise).—Sir, on behalf of the hon' Revenue Minister, I wish to make the following statement:

Flash floods occurred during 27-29 June, 1983 in Belgaum and Bijapur Districts causing a total estimated loss of nearly Rs. 263.66 lakhs. After extending requisite immediate relief to the affected persons, a memorandum was prepared and sent to Government of India seeking Central assistance to the extent of Rs. 760 lakhs, including provisions for shifting of some of the low-lying flood prone areas.

2. Subsequently, floods occurred again on 20th to 25th of July, 1983 and again on 8th to 12th August, 1983 i.e., twice in two weeks in Shimoga, Dakshina Kannada and Uttara Kannada districts. Similarly, as a result of substantial releases of water from Ujjaini dam across Bhima river in Maharashtra, considerable floods occurred in August in Bijapur District.

3. Further, concentrated rains all over the State also resulted in substantial damages to many roads and other civil works.

4. Considering this extensive damage all over the State and particularly in Belgaum, Bijapur, Uttara Kannada, Dakshina Kannada and Shimoga Districts, a supplementary Memorandum was prepared and submitted to Government of India seeking a total Central assistance of Rs. 19 crores. Broadly, the items covered under this supplementary memorandum are as under:

Item	Amount (Rs in lakhs)
1. Items included in the Memorandum of July, 1983 relating to flood havoc in Belgaum and Bijapur Districts in June, 1983.	760.00
2. Requirement for protective works to Bellary Nalla in Belgaum District.	314.39
3. Additional assistance towards gratuitous relief/repairs/land reclamation consequent on updating of extent of damage in Belgaum, Bijapur and Dharwad districts.	121.66

Item	Amount (Rs. in lakhs)
4. Gratuitous relief, Repairs/reconstruction of damages/collapsed houses, Land reclamation, assistance for supply of agricultural inputs, repairs and restoration of damaged public works in Shimoga, Dakshina Kannada and Uttara Kannada.	530.00
5. Sea erosion protection works.	149.80
6. Repairs and restoration of State Fund Roads in the other districts damaged by severe onslaught of monsoons.	25.00
	1900.85
	or
	Rs. 19 Crores.

A Central Study Team visited our State between 6th and 9th September, 1983 and toured the 5 districts of Belgaum, Bijapur, Dakshina Kannada, Uttara Kannada and Shimoga. Official level discussions were held at all the places visited and also at Bangalore. The Team also called on the Hon'ble Chief Minister and Revenue Minister in this regard.

The Memorandum seeks assistance not only for giving immediate relief to the affected persons, but also for permanent measures, like, shifting of low lying villages which are subject to floods year after year, for the persons whose houses have collapsed, assistance for re-sowing, land reclamation and other items of lasting benefit.
